

## Regarding Health Status and Insurance Requirement

OUEL takes our students' wellbeing seriously.

We require all exchange students to declare individual health information so that we can assist you when necessary and provide you with an adequate support.

### 1. Health Declaration

*My health status is adequate to pursue studies on the exchange program in Japan.*

☐ YES

☐ NO\*

\*Note: If you have ticked 'NO', please submit a medical certificate certified by a medical practitioner. Please state the details of your condition and assistance you seek from us.

OUEL highly recommends those who have any chronic disease to consult with your program coordinator, family and doctor.

### 2. Mandatory Health Insurances

*I have read and understood the requirement for the mandatory health insurances.*

☐ YES

\*Note: An overseas travel insurance must cover an entire period of your stay in Japan. OUEL sends a letter of admission only after confirming your submission of the travel insurance copy.

You must also join National Health Insurance after arriving in Japan. The insurance premium occurs monthly (approximately 2,000JPY).

Your name (PRINT)

---

Date(YYYY/MM/DD)

---

Your health information is stored securely at Center for International Education and Exchange, OUEL, and is never distributed outside OUEL without your permission. The information is only used for the purpose of assisting and providing you with a necessary support when a medical emergency arises.
